Submission Summary

- Dossier Id: DOS-76DAEB8367
- Submission Type: pre_market_authorization
- Review Type: generic
- Applicant: Global Therapeutics
- Product Name: RifaSafe
- Active Ingredient: losartan
- Dosage Form: cream
- Strength: 500 mg
- Jurisdiction: Burkina Faso
- Review Pathway: standard

Administrative Review Outcome

- Status: administratively_incomplete
- No signature evidence was detected in the administrative material.
- No proof of payment was detected in the administrative material.

Dossier Structure Review Outcome

- Status: mapped_with_violations
- Manufacturer and GMP Evidence: presence=present, length=length_ok, correctness=incorrect
- Product Information and Naming: presence=present, length=length_ok, correctness=incorrect

Applicable Rules And Requirements

- Administrative completeness checklist
- Structural dossier completeness rules
- WHO INN similarity rule
- Section adequacy and evidence sufficiency rules
- Generic review packaging and patient-information comparison against innovator reference when provided

WHO INN Similarity Review
